

PneuDraulics, Inc.

Repair & Overhaul Services

Pneudraulics, Inc. (PDI)

A leading manufacturer of Aerospace Hydraulic System Components

PDI is an **FAA** and **EASA** Part 145 approved **Repair Station** (Certificate Nos. PD6R469J and EASA.145.4753 respectively) with full capability to inspect, repair, overhaul, upgrade, and modify all PDI-manufactured components. As the original equipment manufacturer, PDI restores components to **true OEM performance** and supports select parts with rebuild options that meet all original new-part requirements. Backed by decades of global aerospace experience, PDI delivers dependable, cost-effective support for extending the life of your **hydraulic systems** and keeping your aircraft operating exactly as designed.
